

Certification of Internship

This is to certify that Qiu Qiyuan worked as an intern in the Industrial Innovation Department of Guo Tai Jun An Futures Co., LTD from December 26, 2024 to January 24, 2025.

In his professional duties, he actively contributed to tasks such as organizing and consolidating relevant information, ensuring the accuracy of data and information while enhancing overall efficiency. Furthermore, his meticulous approach to data collection, organization, and compilation exemplified his strong commitment to meeting specific requirements and his exceptional sense of service.

Qiu Qiyuan's communication skills and collaborative spirit stood out in the team. He consistently worked closely with mentors and colleagues to complete various assignments, accurately understanding task requirements and executing them promptly. Notably, Qiu Qiyuan exhibited potential to excel in the futures industry. He demonstrated a certain level of analytical ability regarding market dynamics and effectively combined fundamental knowledge to understand the causes of price fluctuations. This ability to integrate theory with practice will provide a solid foundation for his future career development. We highly commend Qiu Qiyuan for his performance during the internship and look forward to seeing him achieve even greater success in the future.
