Wenzhou-Kean University, Kean University

Bachelor of Science in Accounting, Minor in Finance; GPA: 3.94/4.00

Wenzhou, China

Sep. 2022 – Jun. 2026

- Relevant Courses: Auditing, Financial Statement Analysis, Advanced Accounting, Federal Income Tax
- Honors: Outstanding Graduate, Beta Gamma Sigma Member

PROFESSIONAL EXPERIENCE

China Galaxy Securities Co., Ltd.

Wealth Management Intern

Hangzhou, China

Jun. 2025 – Jul. 2025

- Analyzed 10+ snowball and phoenix structured products by comparing knock-in/out terms, coupon mechanisms, principal-at-risk exposure, and risk-return profiles across multiple market scenarios.
- Evaluated knock-in/out probabilities and downside risk using Python-based Monte Carlo simulation results provided by the research team; assessed the impact of volatility on product performance.
- Tracked major Chinese equity indices and sector fund flows; prepared market commentary and risk alerts to support client communication on structured products.

Guotai Junan Futures Co., Ltd. (Headquarters)

Industrial Innovation Intern

Shanghai, China

Dec. 2024 – Jan. 2025

- Organized and indexed 100+ futures research reports across precious metals, ferrous and nonferrous metals, energy and chemicals, and agricultural commodities, improving retrieval and reuse of research materials.
- Used Excel (VLOOKUP) to consolidate and validate daily closing-price data for Guangzhou Futures Exchange products; maintained market trackers and performed basic trend analysis.
- Tracked prices, inventories, and open interest across energy and agricultural markets; summarized policy and supply-demand developments to support commodity research.

Pan-China Certified Public Accountants LLP (Headquarters)

Audit Intern

Hangzhou, China

Jun. 2024 – Jul. 2024

- Conducted related-party review procedures for a manufacturing IPO audit by examining 2,000+ contracts, corporate records, shipping documents, and reconciliations; identified potential related parties and unusual transactions.
- Supported an asset restructuring audit for a listed company by reviewing audit working papers, reclassification entries, bank statements, and source documents; reconciled accounting records to financial statements and summarized key exceptions.
- Performed inventory observation procedures for two companies, including test counts and book-to-physical reconciliations; documented exceptions involving high-value and damage-prone inventory.
- Assisted with a special financial audit of a sports company by reviewing bank transactions, expense claims, and approval workflows; followed up on unusual reimbursements and potential tax compliance risks.

PROJECTS

CFA Institute Research Challenge | *Equity Valuation Project, Top 5 in East China*

Oct. 2025 – Nov. 2025

- Built a three-statement financial model and performed FCFF/DCF and comparable-company valuations with sensitivity analysis.

Senior Thesis | *Product Market Competition and Corporate Tax Avoidance*

Sep. 2025 – May 2026

- Analyzed 36,500 U.S. firm-year observations from 2000–2024 using HHI, BTD, fixed-effects regressions, and robustness tests in Stata.

LEADERSHIP & ACTIVITIES

Wenzhou-Kean University ResLife | *Residential Assistant*

Aug. 2023 – Jun. 2026

Wenzhou-Kean University Academic Center | *Peer Tutor*

Mar. 2025 – Jun. 2026
